About us

IMPACT Speed Park comprises of a 800m outdoor kart track. It boasts a fleet of 30 electric karts, including the battery powered Sodi RTX, which is fast, safe, fun and easy to use, while having zero emissions and providing the ultimate driving experience for any skill level or ability.

The Park's philosophy is 'safety first' and the karts come with world class levels of safety specifications and equipment. With fully adjustable pedals, seats and steering wheel, the karts can be self adjusted at a touch for any user; they also sport patented 'Proslide' all round protection, roll hoop and one piece bodywork to cover all structural components.

The circuit has been designed to suit all users - fast and challenging but at the same time safe and easy to drive. Features include a special track surface to improve grip, international standard TECPRO safety barriers and a world class track management team. Designed in conjunction with the world class kart track design team at Sodi Kart. It has multiple configurations of up to 800 meters. It provides great racing and pure enjoyment - standby for the adrenaline rush!

With catering facilities, the venue can also host events and private parties.
